WHAT IS SEAMO ALL ABOUT ?

The Southeast Asian Mathematical Olympiad is a unique assessment platform that has helped more than 50,000 students across 18 countries achieve Global Recognition in the field of mathematics since 2016.

" After winning a Gold Medal in the SEAMO X global competition, my son was accepted into his dream school in Singapore! "

- Ms. Quoc Phong Pham.
parent of Tran Duy Pham from Vietnam

- Formulated based on the Ministry of Education of Singapore's 21st Century Core Competencies

- Places strong emphasis on creative and inventive thinking as opposed to technical maths skills.

- Support provided as part of our learning ecosystem.

- Accredited SEAMO winners have secured seats in top international schools.

- Gain global perspective by interacting with top mathematicians from 20 countries.

- SEAMO winners have received scholarship from top MNCs.

- SEAMO winners will qualify for a chance to represent their country in the Global Round of the competition (SEAMO X).

POPULAR AROUND THE WORLD

03

SEAMO Has Seen Rapid Growth Over The Past 3 Years

Originated in Singapore, SEAMO's curriculum framework and testing methods falls in line with MOE's 21st Century Core Competencies. SEAMO's emphasis on Critical Thinking skills encourages students to make connections between different concepts and think out of the box in order to be successful in school and in the workplace. With this vision in mind, SEAMO has gained popularity among schools and parents to become the most highly acclaimed Maths Olympiad competition in the region. SEAMO will be conducted in 20 regions by 2021.

2016

7,000 participants
across 5 regions

Singapore | Malaysia | Indonesia | Thailand | Philippines

2017

12,000 participants
with 5 new regions

India | Romania | Sri Lanka | Italy | Norway

DESCRIPTION OF RACE FRAMEWORK

Step 1: Build students' competence and confidence via a personalised roadmap.

Step 2: Groom students to face increasingly tricky and complex cross-topic and unseen problems to develop Critical Thinking in their Mathematical Problem-Solving skills.

Step 3: Equipped students with 28 problem-solving strategies and tools that enable them to solve problem sums faster and more accurately.

- 1 Registration should be done by the Teacher-In-Charge (TIC). 
- 2 Candidates should submit the Registration Form to the TIC along with payment. 
- 3 TIC should register for a Teacher's Account at <https://seamo-official.org> 
- 4 If the Candidate has participated before, enter the SAME Candidate No. as previous year's. 
- 5 After registering all students, make payment to your Country Secretariat as per Invoice instructions. 
- 6 One week before the competition, an Exam Package will be sent to your school. 
- 7 Schools will conduct the competition at their own venue or in SEAMO's Online Exam Portal. 
- 8 Submit Answer Scripts to Secretariat via courier. 
- 9 Results will be released on 9 Oct 2021 at <https://seamo-official.org/results> 
- 10 Awards will be delivered to your school by 15 Nov 2021. 

CATEGORIES

06

1

PAPER A
Lower Primary | Age < 7-8

2

PAPER B
Middle Primary | Age 9-10

3

PAPER C
Middle Primary | Age 11-12

4

PAPER D
Junior | Age 13-14

5

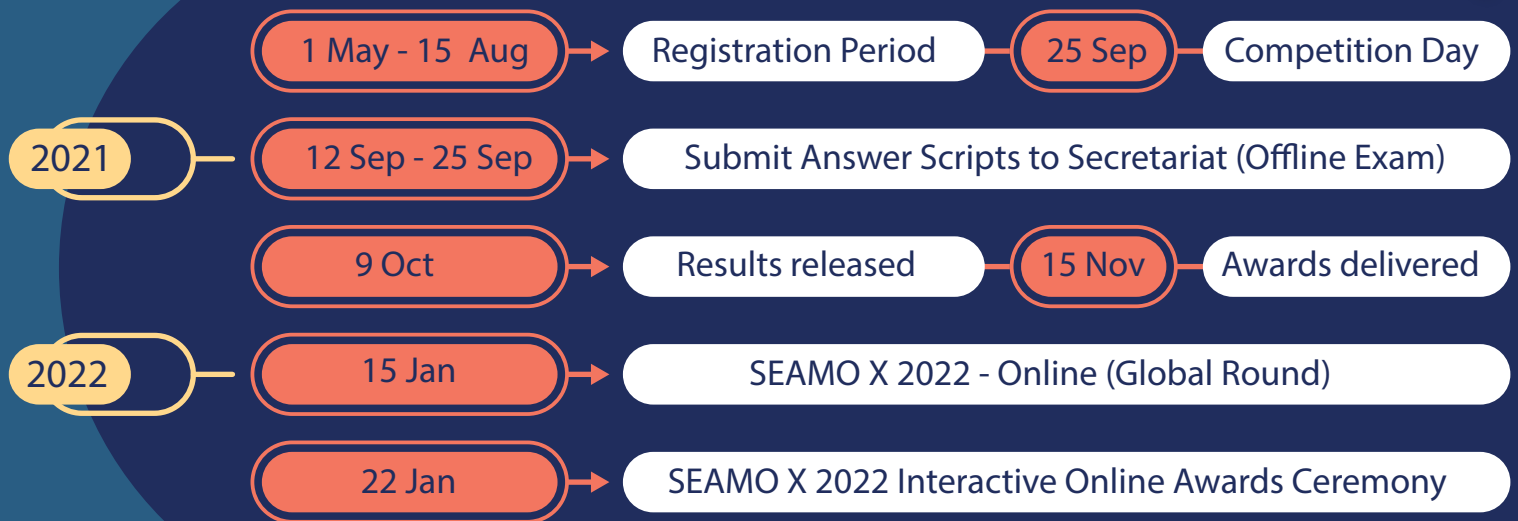

PAPER E
Intermediate | Age 15-16

6

PAPER F
Senior | Age 17-18
